

Community Hub

The Community Hub at SUNY Adirondack was established to identify and meet the non-academic needs of our students.

The goal of the Hub is to address the barriers that may get in the way of our students' success and provide a seamless link to community and on-campus resources. We want our students to reach their educational goals at SUNY Adirondack and beyond!

The Community Hub provides confidential one-on-one support to its students.

Free referral services include:

- Securing Health insurance
- Food assistance
- Counseling: family and individual
- Professional Clothes Closet
- Emergency Funds (SUNY CARES)
- Tax preparation
- Transportation needs
- Financial coaching, and more

Students can walk-in or make an appointment via the Community Hub Referral Form located in the Student Portal or email Director of Community Connections, Yasmin Fisher, at lopezy@sunyacc.edu [1].

THE FOOD SOURCE:

The Food Source is part of the Community Hub and is our on-campus food pantry for our students. We ensure that all students feel welcomed and comfortable when they come to the Food Source. Students can choose from a variety of non-perishable foods (at peak times of the year, we get fresh fruits and veggies from our local garden) and toiletries - no questions asked!
