Events Services

Our Events Services department is the dedicated point of contact for outside organizations to arrange meetings and events at SUNY Adirondack. We also hold Collaborative Cuisine [1], unique dining events open to the community, at our student-run restaurant, Seasoned, within our Culinary Arts Center in downtown Glens Falls. External organizations seeking to host events and meetings at SUNY Adirondack should contact our Events Coordinator at events@sunyacc.edu to discuss event needs and receive a proposal.
