SUNY Adirondack Foundation

Founded in 1983, the SUNY Adirondack Foundation was established to raise funds to provide financial support the college. This assistance includes student scholarships, grants for faculty and staff to pursue opportunities for professional development and enrichment, and capital projects and funding college strategic initiatives.

Each year funds are raised through an annual giving campaign and major fundraising efforts. Much of the Foundation's success can be attributed to the dedication and hard work of its volunteer Board of Directors.
