Outdoor Education is an adventure-based academic experience focused on preparing highly skilled outdoor industry professionals through intensive training and professional certification. This is a comprehensive program of liberal arts, critical thinking, environmental stewardship, outdoor technical skill development, professional certification, and leadership training. The curriculum integrates academic skills with outdoor and human skills in a program of academic and professional preparation. Students completing the AAS requirements will be prepared to transfer to a four-year program at select SUNY and private institutions or entry-level careers in the outdoor adventure industry.
