

Parking

All students are required to register their vehicle(s). Students can register their vehicle(s) through the online student portal at <https://www.sunyacc.edu/our-campus/parking> [1] and facilities will mail the parking sticker directly to the student. If a student cannot access the online portal, the student should go to the Facilities Office located on the lower level of Warren Hall for assistance.

The parking sticker must be displayed on the vehicle's rear window. Motorcycles and other special-use vehicles can contact the Facilities Office for display locations.

Students are required to park in student parking lots only. Lots designated for student parking are the north and south parking lots located at opposite ends of the campus, the east lot located behind Adirondack Hall (across the road), and the Residence Life lot located behind the Residence Life building. Failure to observe campus parking regulations will result in a fine.
