The AOS in Journeyworker - Building Trades Supervision is designed to provide students who have completed a rigorous accredited building trades or advanced manufacturing journeyworker program to obtain additional business coursework for promotion into a management position or create their own small business. Students will gain advanced standing from their building trades or advanced manufacturing journeyworker status and complete business, law, human resource management and general education coursework. This degree is only open to students who have achieved journeyworker status or are actively enrolled in an apprenticeship program.
